

# **SEN & disability: Developing effective anti-bullying practice**

## **FREE training**

## **Birmingham**

**Wednesday 22<sup>nd</sup> and Thursday 23<sup>rd</sup> October 2014**

### **Do you form part of the children's workforce? Want to understand how to reduce bullying of children and young people with SEN and/or disabilities?**

Evidence shows that children and young people with special educational needs and disabilities (SEND) are significantly more likely to be bullied or victimised than those who don't have any SEND.

[As part of a wider programme](#), the Anti-Bullying Alliance is delivering FREE training to the children's workforce about developing effective practice to prevent and respond appropriately to bullying of children and young people with SEND.

We are working with Birmingham City Council to deliver this training.

### **What will the day cover?**

This one day training course, funded by the Department for Education will cover:

- Bullying and its impact on children and young people?
- Bullying and the law
- Children and young people with SEND and bullying – what does the evidence tell us?
- The social model of disability
- Preventing bullying
- Effective reporting and recording bullying
- Models of response & resolution
- Cyberbullying and SEND

There will also be free online training available (from September 2014)

#### **Don't believe us? Take a look at some of the feedback we've received:**

- 'Really good informative course'
- 'Thank you - really interesting and informative training day'
- 'I now have a clearer understanding of what bullying is and what strategies / principles I can introduce'
- 'A really useful course with plenty of relevant material - thanks!'
